MUSIC THERAPY  
FIRST SEMESTER SCHEDULE

Students planning to pursue this major MUST audition for the School of Music in order to be admitted to this degree program. Please carefully review the following important information and reminders.

- Information about auditioning is available at: https://music.ecu.edu/future-students/
- Once you begin the sequence of courses, you should plan to be enrolled for 4 years (8 semesters) to complete this degree. Music Therapy majors typically take about 15-17 semester hours every fall and spring semester.
- If admitted to the program, the School of Music Academic Advisor will register you for your first semester courses to ensure you are registered for an appropriate schedule. You will receive this schedule when you attend New Student Orientation later this summer and will be able to work with your Academic Advisor to make any necessary adjustments or desired changes at that time.
- Because of the unique nature of coursework in the School of Music, (in terms of applied major and minor instruments as well as placement in theory, sight-singing, and ensembles), Music Therapy student schedules are NOT all the same. For this reason and other intricacies of the curriculum, it is critical that you attend New Student Orientation to learn more about the structure of the program.

HAVE QUESTIONS?

- Contact Us: Email somadvising@ecu.edu and an Advisor will respond to your ECU student email within two business days to help!
