

How do I register for classes?

Never fear! This packet includes directions for registering for your first semester at ECU!

- 1. Make sure you follow the instructions exactly.
- 2. Do not wait until your Orientation to register.
- 3. At your Orientation, an Academic Advisor will review your schedule.
 - a. If a schedule change is needed, you can do so through the first week of the fall semester.
- 4. Courses fill up quickly, so register for your classes as soon as possible.
- 5. If you were an Early College or Dual Enrollment student, make sure you submit a **final**, **official** transcript from your community college/university in addition to your high school transcript. Please email a copy of your COLLEGE transcripts to THCASadvising@ecu.edu if you need further guidance.

Registration Key Terms

Academic Advisor: The staff member who will guide you through your degree. Academic Advisors

assist with course registration and degree planning, among other duties.

Add/Drop Period: A grace period at the beginning of each semester when you can add or drop a

course without penalty.

Course Load: The number of courses you are taking a semester.

Credit Hour: You may also see this referred to as "semester hour credit." Each course is

assigned a number of credit hours that measures the instruction and learning for

that course.

<u>Full-Time</u>: To be enrolled as a full-time student, you should register for at least **12 credit**

hours a semester.

General Education: Requirements outside of your major that are chosen to give you a broad, "well

rounded" education.

<u>Orientation:</u> Required session/event where you will learn about campus resources, how you

are expected to behave on campus (also known as a code of conduct), and will

meet with an Academic Advisor.

Pre-Requisite: Course or placement you must complete before taking a course.

<u>Semester:</u> Measurement that divides the academic year into 15-16 week terms. The main

semesters are Fall (August through December) and Spring (January through May); however, there are also shorter semester (8 week) options for some

courses, as well as the Summer semester (May through August).

Semester Hour Credit: A semester hour credit is how college courses are measured. It is defined by the

Federal Student Aid Handbook as "one hour of classroom or direct instruction, plus a minimum of two hours outside class work per week, for fifteen weeks" (the

length of a semester).

Did you know? If you want to complete your degree within 4 years, without enrolling in summer courses, you should register for *at least* 15 credit hours for the fall (and spring) semester.

Step One:

Click <u>HERE</u> to open a step-by-step, screenshot tutorial on how to register for classes.

Step Two: Choose your Fall Courses

1. Begin with the PRIORITY courses for your major. If those courses are full, you'll move on to the next step to continue registering for courses. You can check for open seats in priority courses until the first week of the fall semester.

Your PRIORITY courses:

Physics	Please note that you will NOT take a physics course until your sophomore year. That will be PHYS 2350 and 1251 lab (which has a pre-requisite of MATH 2171). You should get started on your math and chemistry instead.	
	•	
MATHEMATICS REGISTRATION INFORMATION	If you have not already taken the math placement test, click <u>HERE</u> for more information.	
	AP CREDIT for Calculus	
	If you scored a 3, 4, or 5 on the Calculus AB or BC Test, you will receive credit for either MATH 2171 or both MATH 2171 and MATH 2172;	
	However, we will not receive AP scores until mid-July. Therefore, we ask that you use the SAT, ACT, or math placement test criteria to register for the highest appropriate math class as a placeholder.	
	TRANSFER CREDIT If you are bringing in transfer credit (example: from a community college) for college algebra or calculus, do not worry about adding a math to your schedule. Please	

email <u>THCASadvising@ecu.edu</u> regarding your transfer credit and we can provide additional guidance.

To determine which Mathematics course you are able to register for, use the table below.

SAT Math	ACT Math	Math Placement Test Score	Registration Information
0-560	0-22	0-16	In-State students should register for MATH
			0045.
			Out-of-state students should register for
			MATH 0001.
570 or higher	23 or higher	17 or higher on 1st test	MATH 1065
600 or higher	25 or higher	17 or higher on 1st test, and 12	MATH 1083
		or higher on 2 nd test	
650 or higher	28 or higher	17 or higher on 1st test, and 12	MATH 2171
		or higher on both the 2 nd and 3 rd	
		tests	

Mathematics	Ideally, you should be registered for one of the following math courses:
	MATH 1065: College Algebra MATH 1083: Introduction to Functions
	MATH 2171: Calculus I

MATH 2172: Calculus II MATH 2173: Calculus III

You can register for the highest-level course you are eligible for, but you may choose to start in a lower level course if you'd like.

You should not take MATH 1050.

3-4 credit hours

CHEMISTRY REGISTRATION INFORMATION

To determine if you can register for CHEM 1150 & 1151, please review the following information based on your SAT/ACT/Placement Scores.

SAT Math	ACT Math	Math Placement Test Score	Registration Information
0-560	0-22	0-16 on 1st test	You will not register for Chemistry during your first semester. You'll need to pass remedial math with a C- or higher, then pass MATH 1065 with a C or higher.
570-590	23-24	17 or higher on 1st test	You will need to register for MATH 1065 first. Then, you will be able to add CHEM 1150 & 1151 to your schedule.
600 or higher	25 or higher	17 or higher on 1st test and pass 2nd test with 12 or higher	You can register for CHEM 1150 and 1151 without also taking a math course.

Chem 1150 & 1151 General Chemistry I with lab

If you meet the placement above, please register for CHEM 1150 & 1151.

If you do not meet the placement above, please register for remedial math.

If you received AP, IB, or transfer credit for Calculus and receive a registration error when trying to register for Chem 1150 & 1151, contact your advisor.

Because you must take CHEM 1150 & 1151 together, you must also register for them together. If you do not follow specific instructions, you will receive a "prerequisite and test score" error message.

4 credit hours

Step Three: Additional Courses

For financial aid, insurance, and tuition purposes, you will likely want to register for at least 12 hours. If you did not get 12 hours from the suggestions in Step Two, please choose additional courses from the examples below

below.		
Social Science	Any General Education Social Science course(s). Click <u>HERE</u> for options.	
	You can take up to 2 in this category in your first semester.	
	3-6 credit hours	
Humanities	Any General Education Humanities course(s). Click <u>HERE</u> for options.	
	You can take up to 2 in this category in your first semester.	
	3-6 credit hours	
Fine Arts	Any General Education Fine Arts course(s). Click <u>HERE</u> for options.	
	You can take up to 2 in this category in your first semester.	
	3-6 credit hours	

MINOR	A minor is optional for this major.
	You can find a list of minors <u>HERE.</u> Most minors require 18 to 24 credits. Start with a 1000 or 2000 level course in that area. You may also choose to complete a double major.
	3-6 credit hours
English	ENGL 1100: Foundations of College Writing
	You can take this in fall or spring your freshman year. 3 credit hours
Health	HLTH 1000: Health in Modern Society
Пеанн	Or RCTX 2200: Principles and Practices in Stress Management
	2-3 credit hours
Kinesiology	KINE 1000: Lifetime Physical Activity and Fitness Lab
Killesiology	KINE 1000. Lifetime Physical Activity and Pittless Lab
	You'll likely take KINE 1000 during your sophomore year or later. 1 credit hour

Step Four: What else do I need to know?

- If there is a course you want to take but it is closed, add yourself to a wait list. Wait list instructions are HERE.
- Requirements for any major can be found in the <u>Undergraduate Catalog.</u>
- Advisors are only an email away!
 - Email theatrig ecu.edu from your ECU student account for assistance. Our Academic Advisors get a lot of emails and have a lot of students to help, but their goal is to return your email within two business days.

Step Five: Use Your Resources
